Some cards are just too big to make with card making dies or too much trouble to hand cut and score, so what's the next best thing? It's our pre-cut and scored cards. The Paper Cut has three new Die Cut Cards, which include a Cascading Card, a Funky Fold Pop-out Card, and a Lever Card. We also have a couple of new scored cards that aren't difficult to make BUT become a whole lot easier having them pre-done. In this class, you will make five cards...all brand new kits. The Cascading Card will have a birthday theme and the others will be an assortment of occasions. **Bring:** double-sided tape or tape runner and scissors.

**ST. NICHOLAS BOXES** INTERMEDIATE LEVEL  
**LOCATION: FAIRFIELD INN, 2ND FLOOR**  
Marsha Bichler [Arlington, TN](http://www.arlingtontn.com)

The Magic of St. Nicholas is evident in this whimsical box. Decorated with Graphic 45's St. Nicholas papers and embellishments, this project will delight you at every turn. A Santa-themed chipboard tag sits atop a stand of blocks and gilded columns. The top block not only opens, but thanks to the clever use of a border, the lid can be set up to display Santa on a magically appearing easel. A second box is attached by tiny columns. Invisible magnets hold the two boxes together to make them look like two blocks separated by small decorative supports. The lid on the second box is filled with sparkling sequins in holiday colors behind a diminutive picture window. Open the window and you will find another secret compartment. As special as St. Nicholas himself, this magical piece is sturdy enough to be displayed year after year, used as a gift box, or even to hold Christmas memories. All paper will be pre-cut, pre-scored and organized for assembly. **Bring:** craft mat, gloves and apron (Gilder's Paste will be provided), 1/8" and 1/4" Scor-Tape, Un-Du, pop dots, fast drying liquid glue, ruler, pencil, Crop-A-Dile (if you own one) scissors, bone folder, and sanding block or emery board.
